Safety Calendar | Winter 2016-2017

Here is a list of our scheduled safety classes for the winter of 2016-2017. The list of classes represents our most commonly requested classes, which will equip your staff to better manage safety. More information about each of the classes and other classes we offer is listed on additional sheets.

Training for Safety Leaders

This year we're continuing the series of 11 modules that provide instruction on how to implement and administer a company's safety program. This training is ideal for safety directors, safety committees, project managers and supervisors. Member rate is \$60/person.

Module topics will be offered in Sioux Falls and Rapid City on an as needed basis. If you would like a specific module to be taught, please let Mike or Jim know, and we will get one on the schedule:

- Jobs Safety Analysis and Task Safety Analysis
- Safety Orientation and Training
- Site Specific EH&S Plans
- Inspections, Audits and Observations
- Work Permit Policies
- Safety Meetings
- Accident Investigation: Policies and Procedures
- Accident Investigation: Data Analysis
- Recordkeeping
- OSHA Inspection Procedures
- Employee Motivation

To schedule training for your company at a time not listed on the schedule contact the AGC safety staff. East River contact Michael O'Neal at 605-951-1665 or michael@sdagc.org. West River contact Jim Heaphy at 605-261-1567 or jim@sdagc.org.

Cancellation Policy:

Pre-registration and payment are required. Hopefully you won't need to cancel, but if you do, please do so at least three business days prior to the course for a full refund. No refunds will be made after three business days prior to the course.

UPCOMING TRAINING

Safety Calendar | Winter 2016-2017

OSHA 10-Hour

Tuition: \$140 (*\$210 Non Member Rate*)

Time: 8am – 4:30pm (day 1) 8am – 11am (day 2)

Min/Max Participants: 5/30

Sioux Falls – November 14-15, 2016

Rapid City – November 14-15, 2016

Aberdeen – December 8-9, 2016

Sioux Falls – January 13, 20, 2017

Watertown – January, 17-18, 2017

Rapid City – January, 27 & February 3, 2017

Yankton – February 14-15, 2017

Pierre – February 28 & March 1, 2017

OSHA 30-Hour

Tuition: \$350 (*\$525 Non Member Rate*)

Time: 8:00am – 5:00pm (four days)

Min/Max Participants: 5/30

Sioux Falls – January 13, 20, 27 & February 3, 2017

Rapid City – January, 27 & February 3, 10, 17, 2017

Competent Person Training

Fall Protection

Tuition: \$80 (*\$120 Non Member Rate*)*

Min/Max Participants: 5/30

Rapid City – 8am-noon | Jan 17, 2017

Brookings – 8am-noon | Jan 24, 2017

Watertown - 8am-noon | Jan 31, 2017

Yankton - 8am-noon | Feb 16, 2017

Pierre - 8am-noon | Mar 2, 2017

Sioux Falls – 8am-noon | Mar 21, 2017

Trenching & Excavation

Tuition: \$80 (*\$120 Non Member Rate*)*

Min/Max Participants: 5/30

Rapid City – 8am-noon | Jan 18, 2017

Brookings – 8am-noon | Jan 25, 2017

Watertown - 8am-noon | Feb 1, 2017

Yankton - 8am-noon | Feb 17, 2017

Pierre – 8am-noon | Mar 3, 2017

Sioux Falls – 8am-noon | Mar 22, 2017

Scaffolding

Tuition: \$80 (*\$120 Non Member Rate*)*

Min/Max Participants: 5/30

Rapid City – 1pm-5pm | Jan 17, 2017

Brookings – 1pm-5pm | Jan 24, 2017

Watertown - 1pm-5pm | Jan 31, 2017

Yankton - 1pm-5pm | Feb 16, 2017

Pierre - 1pm-5pm | Mar 2, 2017

Sioux Falls – 1pm-5pm | Mar 21, 2017

Confined Space

Tuition: \$80 (*\$120 non Member Rate*)*

Min/Max Participants: 5/30

Rapid City - 1pm - 5pm | Jan 18, 2017

Brookings – 1pm - 5pm | Jan 25, 2017

Watertown - 1pm - 5pm | Feb 1, 2017

Yankton - 1pm - 5pm | Feb 17, 2017

Pierre – 1pm - 5pm | Mar 3, 2017

Sioux Falls - 1pm-5pm | Mar 22 2017

UPCOMING TRAINING

Course Description | Available Classes

OSHA 10-Hour for Construction

The OSHA 10-Hour is a great introduction to construction safety. Facilitators identify safety and health principles that help you meet OSHA requirements. Special emphasis is placed on areas in construction that most commonly result in worker injury or property damage. You are also briefed on basic instructional approaches, improving compliance communication, and training at the work site.

Topics covered include:

- Introduction to OSHA and the OSHA Act
- Electrical
- Fall Protection
- Struck-by and Caught-in Hazards
- Personal Protective Equipment
- Health Hazards
- And More

All participants will receive a certification card from OSHA.

Audience: Entry-level, field and craft workers

Tuition: \$140 (*\$210 Non-Member Rate*)

Time: 8:00am – 4:30pm (day 1) 8:00am – 11:00am (day 2)

Min/Max Participants: 5/30

OSHA 10-Hour for Highway Contractors

Using the OSHA 10-Hour format described above, the AGC of South Dakota has developed an OSHA 10-Hour class that delivers the material below with a focus on the type of work most common to highway contractors. In addition to the subjects listed below, additional time is spent on working around equipment, traffic control plans, excavations/trenching safety and more.

Topics covered include:

- Introduction to OSHA and the OSHA Act
- Electrical
- Fall Protection
- Struck-by and Caught-in Hazards
- Personal Protective Equipment
- Health Hazards
- And More

All participants will receive a certification card from OSHA.

Audience: Entry-level, field and craft workers

Tuition: \$140 (*\$210 Non-Member Rate*)

Time: 8:00am – 4:30pm (day 1) 8:00am – 11:00am (day 2)

Min/Max Participants: 5/30

To schedule training for your company at a time not listed on the schedule contact the AGC safety staff - Michael O'Neal at 605-951-1665 or michael@sdagc.org | Jim Heaphy at 605-261-1567 or jim@sdagc.org

Course Description | Available Classes

30-Hour for Construction

This course provides an in-depth review of hazard awareness. Emphasis is placed on areas in construction that most commonly result in injury or damage. The OSHA 30-Hour covers all topics covered in the OSHA 10-Hour but in greater depth in addition to subjects not covered in the 10-Hour.

Audience: Project managers, supervisors and safety leaders

Tuition: \$350 (*\$525 Non-Member Rate*)

Time: 8:00am – 5:00pm (4 days)

Min/Max Participants: 5/30

Safety Technology (17 Modules)

Safety Technology provides instruction on how to implement and administer a company's safety program. Each of the following modules is a 1 or 2 hour long class. Cost is \$60/person/module. Modules can be mixed and matched to suit the training needs of your company.

For more information about any of the modules contact Michael O'Neal.

- ST01 - Hazard Recognition, Evaluation and Control
- ST02 - Risk Analysis and Assessment
- ST03 - Inspections, Audits and Observations
- ST04 - Employee Motivation
- ST05 - Site-Specific ES&H Plans
- ST06 - Emergency-Action Plans
- ST07 - Jobs Safety Analysis and Task Safety Analysis
- ST08 - Safety Orientation and Training
- ST09 - Work Permit Policies
- ST10 - Confined-Space Entry Procedures
- ST11 - Safety Meetings
- ST12 - Accident Investigation: Policies and Procedures
- ST13 - Accident Investigation: Data Analysis
- ST14 - Recordkeeping
- ST15 - OSHA Inspection Procedures
- ST16 - ES&H Data Tracking & Trending
- ST17 - Environmental Awareness

Audience: Project managers, supervisors and safety leaders

Tuition: \$60 (*\$90/module Non-Member Rate*)

Time: 1-2 hr./module

Min/Max Participants: 5/30

To schedule training for your company at a time not listed on the schedule contact the AGC safety staff - Michael O'Neal at 605-951-1665 or michael@sdagc.org | Jim Heaphy at 605-261-1567 or jim@sdagc.org

SAFETY ACADEMY

ENGAGE . ENHANCE . PROMOTE

UPCOMING TRAINING

Course Description | Available Classes

Competent Person Training

OSHA requires a competent person to be identified whenever there is work being done that involves fall hazards, scaffolding, excavations or confined spaces. A competent person is someone who has knowledge of the hazards and measures to control exposure to hazards, as well as the authority to stop work should a hazard be recognized.

Typically fall protection training will be offered the same day as scaffolding and excavation with confined space since these areas tend to coincide.

Audience: Typically lead people, but can be valuable for all workers

Tuition: \$80 (*\$120 Non-Member Rate*)

Time: 8:00am – Noon and 1:00pm – 5:00pm

Min/Max Participants: 5/30

Aerial Work Platform (AWP) Operator Training

The Aerial Work Platform Operator Training course educates attendees in the safe operation of scissor lifts, boom lifts and articulating lifts. This course covers the principles and hazards associated with operating an AWP as well as the unique characteristics of AWP's that operators will commonly operate. Trainees will need to demonstrate comprehension through a written test in addition to practical competency through a hands-on operation of an AWP. Successful participants will receive a laminated certification card.

Audience: Anyone who may operate a boom, scissor or articulating lift

Tuition: \$80 (*\$120 Non-Member Rate*)

Time: 8:00am – Noon

Min/Max Participants: 5/10

Traffic Control Supervisor Training (TCS):

This course is designed to give participants state-of-the-art knowledge of the entire process of planning, designing, installing, maintaining and monitoring traffic control for work zones. Anyone responsible for any phase of construction and maintenance operations cannot afford to miss this training.

This course will help improve your operations and increase safety on your job sites not only for your workers, but also the traveling public.

This program was designed to comply with the South Dakota Department of Transportation Special Provision for Traffic Control Supervisor. In Spring 2016, the SDDOT piloted the Traffic Control Supervisor (TCS) requirement on two highway projects. This will require Contractors to have a certified Traffic Control Supervisor on site. Upon satisfactory completion of this course, attendees certified as a Traffic Control Supervisor will receive a Certificate

To schedule training for your company at a time not listed on the schedule contact the AGC safety staff - Michael O'Neal at 605-951-1665 or michael@sdagc.org | Jim Heaphy at 605-261-1567 or jim@sdagc.org

of Completion. This certification is being considered as a requirement for all SDDOT projects with significant impacts to traffic beginning in 2017.

This training is designed for all contractors, city, state, township, & county officials who bid and do projects with the SDDOT! To become certified as a Traffic Control Supervisor, the attendee will have responsibilities to oversee all traffic control operations for the safety of workers and the traveling public.

Audience: Employee who oversees all traffic control operations

Tuition: \$300

Time: 8:00pm – 5:00pm (2 Days)

Min/Max Participants: 5/30

Highway Worker Safety Training

Working in and around highway work zones poses unique hazards for workers in those areas. The program is designed for organizations involved in highway, street and road construction, utility installation, roadway maintenance and landscaping.

Audience: All levels of an organization

Tuition: \$80 (*\$120 Non-Member Rate*)

Time: 1:00pm – 4:00pm

Min/Max Participants: 5/50

Part 46 MSHA Annual Refresher

MSHA training is required for all employees and independent contractors working in or around mining operations that are: engaged in mining operations, including developing, drilling, blasting, extracting, milling, crushing, screening or sizing materials, or hauling materials within the mine; a maintenance or service worker, working on mining equipment for frequent (a pattern of recurring exposure) or extended periods (more than five consecutive work days); or a construction worker who is exposed to hazards of mining operations for frequent or extended periods.

Audience: Anyone working on mine property

Tuition: \$80 (*\$120 Non-Member Rate*)

Time: 8:00am – 5:00pm

Min/Max Participants: 5/100

To schedule training for your company at a time not listed on the schedule contact the AGC safety staff - Michael O'Neal at 605-951-1665 or michael@sdagc.org | Jim Heaphy at 605-261-1567 or jim@sdagc.org
