RE: C.I.C. SCHOLARSHIP PROGRAM

DATE: January 10, 2012

The Construction Industry Center Board of Directors established a scholarship program in an effort to encourage and assist young people in our communities who have chosen to study a **field in the construction industry**.

The scholarships will be specifically for children of C.I.C. member firms and their employees. There will be, at a minimum, four (4) \$500.00 scholarships awarded for the 2012-2013 term. The deadline for receipt of applications is March 31, 2012. A committee will review the scholarship applications and select the recipients. Winners will be notified by May 1 and presented with a certificate, which will be redeemable after August 1 by providing C.I.C. with school registration confirmation.

We hope we can count on your support to help us disseminate this information to **ALL** your employees. Posting the notice in a conspicuous place, providing copies as a payroll stuffer or an announcement at employee meetings are a few ideas for getting the word out!

We're excited about being a partner in educating and training our future construction industry members!

Thank you

Beverly Wittmeier
