

# CONSTRUCTION INDUSTRY 'S

## EPA RESPONSIBILITIES

### FREE WORKSHOP

**Do you know what must be done:**

- **If you have a floor drain in your shop or garage**
- **If you store chemicals or fuels inside or outside**
- **If you have a wash out or clean out area in your shop or on the construction site**
- **Use oil, hydraulic fluids, paints, solvents, diesel fuel, adhesives or silicones**

**Have you ever been asked for a copy of your Environmental Plan?**

**Do you have an Emergency Preparedness Plan that includes chemicals?**

**Do you receive federal stimulus money on your projects?**

**Come to the workshop and find out about other issues i.e., Renovation, Repair and Painting Rule, Storm Water and Hazardous Waste**
